Part III Notice of Non-Responsive Amendment

1. The supplemental response filed on 7/3/2001 (paper #20) is not fully responsive to the prior Office action because of the following omission(s) or matter(s): the remarks of the supplemental amendment do not clearly indicate which of the prior species of the invention the additional embodiments referred to in the remarks correspond to and/or why such additional embodiments as now presented are not restrict-able to the previously presented species. The previous amendments (papers #6 and #16) presented the elected claims as corresponding to species XIII (figure 13) but the description supportive of figure 13 is not clearly supportive of the newly added claims. As such it is not clear if the amendment as presented is complete as submitted, however, the applicant should have the opportunity to complete the response as intended if this was merely overlooked. See 37 CFR 1.111.

Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
